- **Be Close:** Always be within arms' reach of your child.
- **All of Your Attention:** Focus all of your attention on your child and get into the pool and talk and play with them.
- **All of the Time:** You should never leave your child alone in the water, nor should they be left in the care of an older child or with the assumption that your responsibility diminishes due to the presence of lifeguards.
- Parents and guardians should actively supervise their children at all times and be dressed ready to enter a pool.
- For 0 to 5 year olds and non-swimmers, a parent or guardian needs to be in the water at all times and within arms' reach of the person.
- Constant active supervision is required for children aged 6 to 10 years old. Parents and carers must be prepared to enter the water with this age group.
- For 11 to 14 year olds it is recommended that parents regularly check on their child by physically going to where they are in or around the water.
